This is an invitation to learn about the essential Shadow Work® facilitation skills and how to use them for yourself, your family, and in your community. The process we invite you to join will be intense, enjoyable and practical and will take you behind the scenes so that you can understand the thinking we employ while facilitating.

Shadow Work® provides powerful tools for bringing out of the shadow and into the light whatever parts of yourself you have split off, repressed, denied, or disowned. In this way, you have more capacity, balance, and choice with which to live your life. Our desire is that you will discover how to use the power of ritual space to use these tools for doing that consistently with yourself and others. The scope of what you can expect to get out of this training is enormous. Including personal growth, using the shadow work four quarter model.
